Health Products That Work

Pure Ionic Silver

How does it work?

Microbial cells have a sophisticated internal electrical or nervous system that they use in all of their life processes.

Silver ions have the ability to disrupt this process and to prevent these micro-organisms from conducting electricity.

This makes them unable to function and so they collapse and die.

The fact that silver ions are effective against a broad range of micro-organisms is well established and due to recent advances in the delivery of silver ions, together with the problems associated with antibiotics, are now being used in a rapidly growing range of health and medical products.

Because of the unique way that silver ions work there can be no resistance either inherited or developed.

HealthWest Pure Ionic Silver does not contain any nanoparticles (metal colloids), fillers, stabilisers or chemicals of any sort.

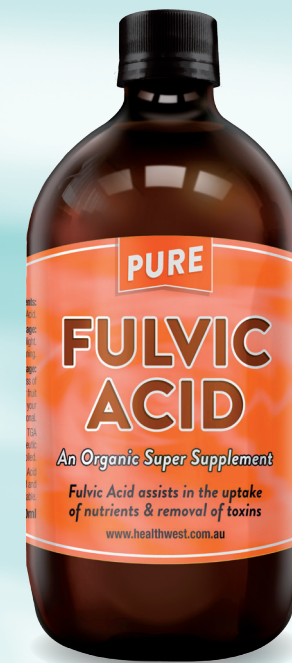

HydroCal

Calcium Magnesium Complex

Great tasting effervescent drink suitable for the whole family including diabetics, vegans and children.

A combined calcium/magnesium supplement like no other, HydroCal offers the most readily absorbable form of Calcium available today.

Its unique formulation is a special blend of essential calcium and magnesium in a 2:1 mineral ratio for maximum absorption, so you can be assured that your cells are getting exactly what they need.

Pure Fulvic Acid

Fulvic Acid is a highly efficient multi directional antioxidant

- Alkalis the body faster than any other natural health product on earth
- Increases energy levels and Improves concentration
- Increases mental clarity
- Increased sense of well-being
- The Ultimate in Anti-Aging
- Balances, restores, and rejuvenates cell life
- Increases endurance
- Acts as a catalyst for enzymatic reactions
- Assimilates vitamins, minerals and other nutrients from food or supplement intake
- Protects against free radical damage
- Complexes nutrients into smaller particle sizes (lowers the molecular weight of nutrients)
- Provides vital electrolytes

HydroCell

HydroCell uses nature's two most powerful healing agents, oxygen and silver, in a synergistic complex.

Microbes, like all living organisms rely on:

1. Internal biological/chemical reactions taking place.
2. An electrical or nervous system to organise these reactions.

Rather than attack the microbe with chemicals to stop these reactions, HydroCell disables their nervous or electrical system with positively charged Silver Ions, and when combined with singlet oxygen this effect is dramatically multiplied.

Once this happens the chemical reactions cease and the microbe collapses and dies.

Like all of the HealthWest range of products HydroCell does not contain any nanoparticles (metal colloids), fillers, stabilisers or chemicals of any sort.
